Among his later additions to his aquatic collection is a pair of wild geese which he secured of parties in Darien. These geese were caught on a western wheat field and are a great attraction to those who have never seen a wild goose except at long ranga. It has often been stated that wild geese will not breed in captivity, but this female goose built her nest, laid four eggs and hatched one gogling which is shown in the picture standing behind its parents, who never lose sight of the youngster and always keep sight of the youngster and always keep him between them. Indeed, it would not be pleasant for a stranger to get too near them at this time.

In addition to his waterfowl Mr. Manross has in other parts of his preserve partridges, quall and other wild birds which have become tame.—Waterbury American.

RULES AGAINST NEW HAVEN ROAD

Public Service Eoard Says Froposed Increase in Commutation Rates on June 1 is Illegal-Company May Charge Only Regular Fares.

New York, May 30.—The public service commission, Second district, announced today that it holds that the New York, New Haven & Hartford Railroad company cannot legally put in effect its proposed increase in commutation rates on June 1. The commission further considers and holds that fares now in force and effect will continue to be in force and effect after June 1, notwithstanding the filing with the commission and partial pub-

er June 1, notwithstanding the filing with the commission and partial publication of these tariffs at stations; and no further order of the commission is necessary to permit the restoration and putting in effect of the tariffs now in force on and after June 1.

The commission orders that the proposed new tariffs, to become effective June 1, shall be regarded as of no force and effect whatsoever, and that all cancellations filed by the company are without force and effect after that date.

The company is ordered to continue to change the fares duly established and set forth in its tariffs now in efand set forth in its tariffs how in the feet until these tariffs shall have been superseded by tariffs filed with the commission and published at stations as required by the public service com-

The Erle Railroad company has filed The Eric Railroad company has filed with the commission a new tariff of commutation fares to take effect June 26, 1910. Many changes are made in the fares for sixty-trip and fifty-trip family tickets. With but two exceptions all changes in sixty-trip tickets are advances varying in amount from five cents to \$2.90.

The fares for fifty-trip family tickets changed, include both advances and reductions, the increases ranging from fifteen cents to \$4.45.

The fares involved do not refer to those to or from New York city, or between any points where the movement would constitute interstate commerce as tariffs, having reference thereto, are not subject to the jurisdiction of this commission.

CHARLES LADDA KILLED

A Story of King Edward.

One of the incidents that showed King Edward's kindly nature occurred at Longchamps, France, in May, 1963, when he and President Loubet were at the races together. Just before the big event of the day the king lowered the glasses through which he had been examining the horses at the starting point, and turning to one of the officials in the tribune said: "A noor woman over there seems to be having a bad time with the police. I wish you you would be good enough

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies and by constantly falling to cure with local treatment pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Haif's Catarrh Cure, manufactured by F. J. Cheney & Co., Teledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 16 draps to a teaspoonful. It acts directly on the blood and mucous surfaces of the system.
